Tap Success/Fail on the other phone according to the answers.

HOW DOES THIS WORK & WHAT NEXT?

- » Each of these ideas/concepts can be customized and built for your brand and based on your requirements.
- » We can come back with more ideas/concepts if you have a specific brief.
- » All AR filters have to be approved by the platform, which takes anywhere between 2-5 days.
- » Our team undertakes all the work from 3D design/modeling, to UI/UX design and tech/development work. We do not outsource anything, all work is done in house.

HOW DOES THIS WORK & WHAT NEXT?

- » Costs/timelines vary based on what idea/concept is picked.
- » We do not have any exclusivity with any brand/agency for any ideas.
- » Please respect the originality of the ideas and we request you not to copy our ideas/concepts.
- » Please visit our **website** to explore other innovative creative tech solutions like Web AR, Interactive Videos, WhatsApp Stickers and Messenger Chatbots.
